Bergquist's 45,000 square foot component warehouse.

Bergquist Offers A Hassle-Free Way To Solve Complex Assemblies.

18930 West 78th Street Chanhassen, MN 55317 • (800) 341-3533 Fax (952) 835-5080 • www.bergquistcompany.com

Thermal Products • Membrane Switches • Touchscreens • **Electronic Components**

If You Can Imagine It,
Bergquist Can
Custom Engineer It ...

... From The Simple
To The
Sophisticated Assembly.

Bergquist turned 22 different SKU's in this assembly into only one part number!

Potted Connector Assembly

Bergquist Provides A Lower Cost Solution For Your Custom Assemblies

Bergquist takes the hassle out of custom assemblies. We have the knowledge, experience and resources to design and prototype the simplest or most complex assembly that you require. Choose Bergquist and let us produce your assembly more efficiently and cost effectively. We'll save you time, money and all the hassles.

How Does Bergquist Offer You Lower Cost Solutions?

- We are your one single vendor to source all components, manage the design and manufacturing process and control inventory
- Eliminate multiple SKU's... only one part number required
- We have an established distribution network in place to offer competitive multiple sources and pricing
- Reduce your manufacturing space and labor costs
- Reduce your inventory investment
- Ensure a competitive time to market for your product
- We provide automated cost effective manufacturing processes

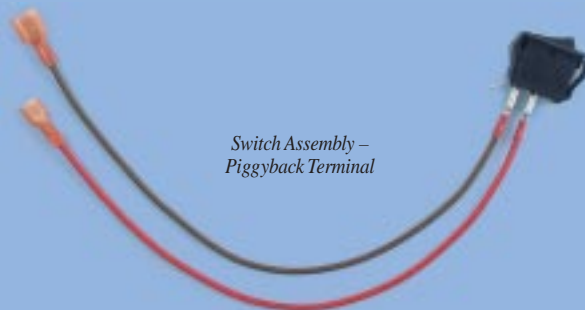

Wire Assemblies

Micro Switch Assembly – Soldering, Loop and Secure

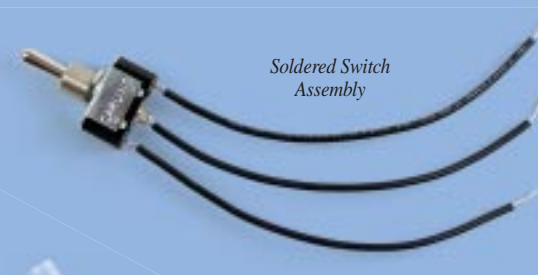

Hi-Flex Jumpers with Terminal Blocks

Switch Assembly – Piggyback Terminal

Rocker Switch with Soldered Lead and Housing

Soldered Switch Assembly

European Switch Wire Leded

Fast Track – Concept To Reality

Bergquist is a company that knows how to put your custom assembly on the fast track. Our team of trained specialist engineers, buyers and assembly technicians will turn your special assembly concepts into reality.

Why Choose Bergquist For Your Custom Assembly Vendor?

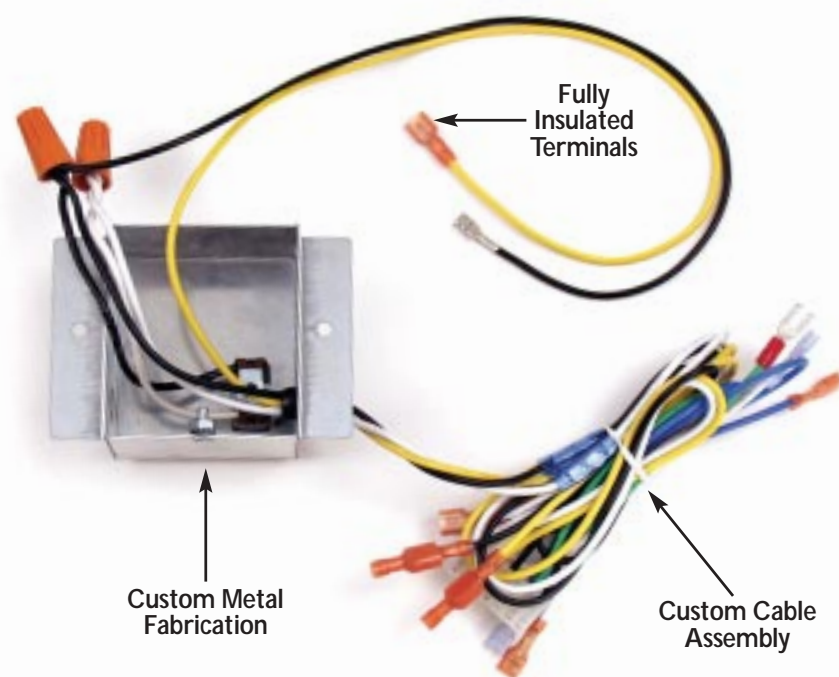

- In house designing and prototyping capabilities
- Redesign capabilities to streamline your assembly
- In house manufacturing
- High quality processes, materials, and products
- Skilled and cross trained work force
- Expert technical support
- Superior customer services
- Sophisticated logistics in place for domestic and international shipments
- Quick turn around on finished parts/assemblies
- Competitive time to market
- JIT scheduling and delivery

Superior Solutions From A Leader

Bergquist not only provides a cost effective assembly, but all the additional custom features to satisfy your customer requirements and eliminate additional vendors. We work with a wide variety of assemblies from the very simple to the difficult, those that have many SKU's and even special packaging. Most important, you can manage it all with one phone call to us!

Let Bergquist Provide The Packaging Too!

We designed the packaging, sourced the bag and customized /printed the label for this connector package... ready for shipment and retail display.

Fully Insulated Terminals

Custom Metal Fabrication

Custom Cable Assembly

This assembly was condensed down from 11 SKU's into just one part number.

Terminated Cable and Cord with In-line Switch

Power Cord Window Cut on Strip

Strain Relief Assemblies

Cordage Assemblies

Piggyback Power Cord

Insulated Terminals

Cabled Assemblies with Spliced in Leads

Coil Cord D-Sub Connector – Specialty Strain Relief with Header Connector
